Experience

SmartSign - Brooklyn, NY

Marketing Designer, March 2015 - December 2016, **Senior Designer**, December 2016 - Present

SmartSign makes it easy to find and purchase the sturdiest signs, tags and mats that money can buy, both stock and custom, for as low a cost as possible.

- Illustrate and design new products to be sold on over 40 websites, as well as posters and handouts for events
- Develop websites for new marketing initiatives using HTML, CSS, Javascript, and jQuery, optimize older sites to be mobile-friendly using Bootstrap
- Schedule, design, and send email marketing campaigns to send to previous customers using MailChimp, use analytics to improve sales and ROI
- Create original graphics for marketing campaigns on Facebook, LinkedIn, and Twitter, as well as for the many blogs and websites maintained by SmartSign

Globaloria - New York, NY

Associate Producer, June 2010 - March 2015

Globaloria is a non-profit organization that provides high-tech learning experiences for students and teachers around game design and development.

- Manage a team of contractors to produce a suite of Game Design courses
- Develop learning games including original illustrations and animations using Adobe Flash and Unity 3D
- Write original Game Design tutorials for middle and high school students
- Manage the continual improvement of our proprietary platform and tutorials, wireframe new platform features
- Create graphic design assets for the website, and other assets for printing and distribution
- Lead virtual workshops for a network of over 60 educators across the U.S. about coding and animating in Flash
- Write monthly newsletters and reminders for educators using MailChimp
- Lead in-person summer workshops in several states to orient new teachers to the program, teach them about how to manage a blended classroom, and show them how to make a game in Flash

Constructing Modern Knowledge Press - Los Angeles, CA

Art Director, April 2013 - Present

CMK Press is a new publishing company dedicated to producing books promoting modern learner-centered approaches to education.

- Design book covers for this emerging publisher of books on the Maker Movement
- Create original illustrations and diagrams for the interior of the books
- Design posters, postcards, merchandise, promotional images and logos

Independent Art and Graphic Design

- Drawing, illustration, animation, and graphic design for websites, music videos, commercials, and art shows (see portfolio)

Education

Bard College, Annandale-on Hudson, NY, May 2010
